The threats to the segments in which the company operates are volatility in Exchange rate, pricing pressure arising due to competition from low cost suppliers, technology upgradation, sever competition among competitor and newly emerging competitive nations and stricter environment laws. Further, the Indian economy is now integrated with the world economy to a very large extent and therefore vulnerable to the direct impact of such a slowdown; such an impact could adversely affect the Company's performance as well. The provision for depreciation and all the known Liabilities are adequate and not in excess or short of the amount reasonably necessary.

3. The Company follows the system of recording gratuity liability on cash basis , which is contrary to AS-15 issued by the Institute of Chartered Accountants of India . If retirement benefit are accounted on accrual basis, the profit for the year would be lower by Rs. Nil (Previous Year Rs. 6. No provision for tax is required to be made in accounts , due to brought forward depreciation loss in current year , but income tax liability has been provided as per Minimum Alternative Tax U/s. 115JB.
7.
